

11. NORDISKE BANDAGIST KONGRES
KØBENHAVN 6.-8. SEPTEMBER 2018

The 11th Nordic prosthetist and orthotist conference

Copenhagen 6th. – 8th. September 2018

The Danish association of prosthetists and orthotists are looking forward to welcoming you to

The 11th Nordic prosthetist and orthotist conference on the 6th – 8th of September 2018 in Copenhagen

Facts

The Conference is open for everyone and the program for the Nordic Conference 2018 will cover many of the technical orthopedic subjects. Two focus areas will be the technological progress within the technical orthopedic field of Outcome measures. There will be a wide range of presentations regarding orthotics, prosthetics and foot problems.

There will be local Scandinavian speakers as well as international speakers. We are certain that our program will cater to everyone who works within the field of technical orthopedics.

The Conference will predominantly be in the Scandinavian languages, Danish, Swedish and Norwegian, but there will also be presentations in English.

The 11. Nordic prosthetist and orthotist Conference can offer a large presentation area, which will showcase the new components, materials and technology within our field.

“Call for abstracts”

The Scientific Committee will like to invite for the opportunity for small presentations which may last max. 15 minutes, where we hope that a lot of the participants will share their experiences about the technical orthopedic field. Further information regarding these presentations will be sent out on a later date.
